
Mayo Clinic Proceedings

INDEX

Volume 60
1985

ROCHESTER, MINNESOTA

Index to Volume 60 of MAYO CLINIC PROCEEDINGS

A

Abboud CF, 753
Abell TL, 523
Abnormalities, chromosome, in malignant hematologic disorders, 675
Acne: erythromycin; microbial and clinical perspective after 30 years of clinical use (second of two parts), 271
Acrylamide neuropathy in rat; effects on energy metabolism in sciatic nerve, 3
Adenomas, pituitary, associated with hyperprolactinemia; clinical and immunohistochemical study of 97 patients operated on transsphenoidally, 753
Adjuvant chemotherapy after surgical resection of colorectal cancer metastatic to liver, clinical trial of, 517
Adolescent before participation in sports, cardiovascular evaluation of child and, 867
Adolescents, chemical dependence among; editorial, 557
Adson MA, 517
Adult respiratory distress syndrome caused by blastomycosis infection, survival in, 266
Albin G, 667
Albumin: preoperative nutritional status and other factors that influence surgical outcome in patients with Crohn's disease, 393
Allen MJ, 772
Allergy: myocarditis related to drug hypersensitivity, 463
Aluminum content, elevated bone, in dialysis patients without osteomalacia, 315
Amiodarone: pulmonary toxicity; report of two cases associated with rapidly progressive fatal adult respiratory distress syndrome after pulmonary angiography, 601
  toxicity; editorial, 638
Anaplastic carcinoma of thyroid; clinicopathologic study of 82 cases, 51
Anderson CF, 367, 556
Anemia: cytogenetic studies in 174 consecutive patients with preleukemic or myelodysplastic syndromes, 507
  risk of development of gastric carcinoma in patients with pernicious; population-based study in Rochester, Minnesota, 444
Angina pectoris: coronary heart disease in residents of Rochester, Minnesota. V. Prognosis of patients with coronary heart disease based on initial manifestation, 305
  selection of optimal drug therapy for patient with, 539
Angiography: constrictive pericarditis; assessment of current diagnostic procedures, 397
  three-dimensional cardiac anatomy and function in heart disease in adults; initial results with dynamic spatial reconstructor, 383
Angioplasty, percutaneous transluminal coronary, alone or in combination with streptokinase therapy, during acute myocardial infarction, 449
Animal models of multiple sclerosis; editorial, 490
Anomalous pulmonary venous connection to superior vena cava, "broken ring" sign in magnetic resonance imaging of partial, 874
Antibiotics: erythromycin; microbial and clinical perspective after 30 years of clinical use (first of two parts), 189
Antibody, monoclonal, for rapid laboratory detection of cytomegalovirus infections; characterization and diagnostic application, 577
Anti-HB_c (IgM), diagnostic test using; viral hepatitis, 488
Antimicrobial agents, observations on treatment with; Wegener's granulomatosis, 27
Antipsychotic agents; clinical update, 777
Aortic stenosis and insufficiency, surgical pathology of combined; study of 213 cases, 247
Argon laser treatment of port-wine stains, 115
Arnold PG, 604
Arteries: long-term mortality and stroke morbidity after superficial temporal artery-middle cerebral artery bypass operation, 241
  results, complications, and follow-up of 415 bypass operations for occlusive disease of carotid system, 230
  spasm in ectatic coronary, 822
  spasm of coronary; causes and consequences (scientist's viewpoint), 33
Arteritis and polymyalgia rheumatica, factor VIII-von Willebrand factor in giant cell, 457
Artificial urinary sphincter; experience with AS 800 pump-control assembly for single-stage primary deactivation and activation—preliminary report, 255
Asian refugees, *Entamoeba polecki* infection in Southeast; multiple cases of rarely reported parasite, 523
Aspirates for cytologic study, hematopoietic cells in thyroid fine-needle; report of two cases, 123
Assay: for β-glucuronidase in cerebrospinal fluid; usefulness for detection of neoplastic meningitis, 293
  rapid, sensitive, for analyzing defects in metabolism of steroids in normal and diseased human tissues, 593
Assessment of metabolic bone disease; review of new nuclear medicine procedures, 827
Atrium and ventricle, revival of transseptal approach for catheterization of left, 790
Auditory system: cochlear implant; clinical status, 1985; editorial, 136
Audran M, 851
Autologous transfusion, intraoperative, 125
Autotransfusion: blood bank consultation service; principles and practice, 312
Autotransplantation, treatment of renal cell carcinoma by in situ partial nephrectomy and extracorporeal operation with, 651

B

Bacteria: erythromycin; microbial and clinical perspective after 30 years of clinical use (first of two parts), 189
  thyroiditis, clinical update, 836
Baker HL Jr, 75
Baldus WP, 289
Barrett DM, 255
Beckett VL, 763
Behçet's disease, intracranial hypertension in; demonstration of sinus occlusion with use of digital subtraction angiography, 419
Benassi RC, 321
Beneke JS, 577
Berquist TH, 75
Bias in referral of patients, selection, and natural history of surgical conditions; editorial, 880
Biopsy: cardiac sarcoidosis; potentially treatable form of myocarditis, 549
  comparison of needle, with cytologic analysis for evaluation of pleural effusion; analysis of 414 cases, 158
  rapid, sensitive assay for analyzing defects in metabolism of steroids in normal and diseased human tissues, 593
Bjornsson J, 16, 123
Black JL, 777
Bladder, urinary: artificial urinary sphincter; experience with AS 800 pump-control assembly for single-stage primary deactivation and activation—preliminary report, 255
Blastomycosis infection, survival in adult respiratory distress syndrome caused by, 266
Bleeding: esophageal varices, is sclerotherapy treatment of choice for? editorial, 207
  in adult, duodenal duplication cyst causing massive; unusual complication of duplication cyst of digestive tract, 772
Blepharospasm, myectomy for essential, 663
Blood: can plasma human pancreatic polypeptide be used to detect diseases of exocrine pancreas? 259
  factor VIII-von Willebrand factor in giant cell arteritis and polymyalgia rheumatica, 457
  intraoperative autologous transfusion, 125
  viral hepatitis; diagnostic test using anti-HB_c (IgM), 488
Blood bank consultation service; principles and practice, 312
Blood vessels: quantification of deposition of neutrophilic granulocytes on vascular grafts in dogs with ^{111}In-labeled granulocytes, 173
Bone: aluminum content, elevated, in dialysis patients without osteomalacia, 315
  clinical significance of *Pseudallescheria boydii*; review of 10 years' experience, 531
  disease, assessment of metabolic; review of new nuclear medicine procedures, 827
  transfer, skeletal reconstruction by vascularized; indications and results, 729

BOOK REVIEWS (Titles and Reviewers)
Advanced Techniques in Ocular Therapy—Liesegang TJ, 721
Advances in Gastrointestinal Surgery—van Heerden J, 362
Aging Musculoskeletal System—Allen GL, 800
Antiviral Agents and Viral Diseases of Man—Van Scoy RE, 497
Arterial Surgery—Hollier LH, 562
Aspartame—Meyer ZJ, 569
Atlas of Infertility Surgery—Williams TJ, 501
Bacterial Meningitis—Edson RS, 894
Biomedical Bestiary—Anderson CF, 504
Burket's Oral Medicine—Sheridan PJ, 284
Burns of Head and Neck—Irons GB Jr, 64
Calcium Antagonists and Cardiovascular Disease—McGoon MD, 142
Calcium Channel Blocking Agents in Treatment of Cardiovascular Disorders—McGoon MD, 142

Calcium Entry Blockers and Tissue Protection—Vlietstra RE, 894
Cancer and Nervous System—O'Neill BP, 499
Cardiovascular Pharmacology—McGoon MD, 67
Child Abuse—Burke EC, 494
Childhood and Death—Burke EC, 897
Chronic Diarrhea in Children—Shander JE, Perrault J, 68
Clinical Biochemistry of Alcoholism—Hurt RD, 898
Clinical Laboratory Medicine—Slockbower JM, 425
Clinical Manual of Infectious Diseases—Edson RS, 141
Clinical Radiology of Liver—Johnson CM, 497
Colon and Rectal Surgery—Beart RW Jr, 284
Complications in Surgery and Trauma—Farnell MB, 214
Complications of Fracture Management—Henderson ED, 64
Computer Applications to Private Office Practice—Berge KG, 364
Concepts in Viral Pathogenesis—Cockerill FR III, 720
Congenital Adrenal Hyperplasia—Zimmerman D, 496
Corneal Disorders—Liesegang TJ, 427
Current Concepts of Diagnosis and Treatment of Bone and Soft Tissue Tumors—Pritchard DJ, 565
Current Geriatric Therapy—Tangalos EG, 283
Dandy of Johns Hopkins—Kelly PJ, 215
Detection of Immune-Associated Genetic Markers of Human Disease—Moore SB, 430
Differential Diagnosis in Rheumatology—O'Duffy JD, 566
Disability—Merritt JL, 799
Drug Metabolism and Drug Toxicity—Ames MM, 143
Drugs, Drinking, and Adolescents—Wells LA, 358
Drug Therapy in Infants—Burke EC, 722
Edema—Anderson CF, 426
Emergencies in Medicine—Meloy TD, 67
Endometriosis—Thie J, 217
Endoscopic Interpretation—Hughes RW Jr, 723
Enteral and Tube Feeding—Moxness K, 360
Euthanasia—O'Connor MK, 570
Exercise in Health and Disease—Gau GT, 568
Fetal Physiology and Medicine—Hill LM, 360
Food, Nutrition, and Diet Therapy—Pemberton C, 503
Fractures of Pelvis and Acetabulum—Cabanela ME, 428
Gastrointestinal Disorders of Elderly—Viggiano TR, 724
Gastrointestinal Surgery—van Heerden JA, 796
Gastrointestinal Tract Disorders in Elderly—Cangemi JR, 645
Geriatric Medicine—Tangalos EG, 798
Geriatric Nuclear Medicine—Wahner HW, 645
Hammersmith Cardiology Workshop Series—Bardsley WT, 496
Hand—Linscheid RL, 565
Handbook of Physiology—Romero JC, 500
Head and Neck Cancer—McCaffrey TV, 502
Head and Neck Surgery—Woods JE, 285
Herpes Diseases and Your Health—Smith TF, 141
Histocompatibility Testing 1984—Moore SB, 723
Ideal Cardiac Pacing—Hayes DL, 568
"If a Child Cries...": Collected Papers of John Apley—Burke EC, 217
Immunogenetics—Steinmuller D, 281
Immunogenetics—Velosa JA, 721
Infections—Wilkowske CJ, 354
Infertility—Northcutt RC, 427
Intestinal Toxicology—Hoffman HN, 797
In Vitro Fertilization and Embryo Transfer—Coulam CB, 893
Kidney—Anderson CF, 563
Lasers in Urologic Surgery—Segura JW, 896
Lecture Notes on Infectious Diseases—Edson RS, 359
Leucocyte Typing—Katzmann JA, 283
Leukemia—Gastineau DA, 567
Life Support Systems in Intensive Care—McMichan JC, Hubmayr RD, 355
Lung Cancer—Jett JR, 361
Major Issues in Critical Care Medicine—Marsh HM, 355
Making It in Medical School—McPherson JR, 216
Management of Diabetic Foot Problems—Graham JL, 644
Mastering Multiple Sclerosis—Swanson JW, 286
Maxillofacial Injuries—Woods JE, 896
Medical Consultation—Mohr DN, 500
Medical Disorders in Obstetric Practice—Hill LM, 65
Medical Laboratory Haematology—Fairbanks VF, 718
Modern Radiation Oncology—Shaw EG, 498
Nelson Textbook of Pediatrics—Burke EC, 359
Neoplasms of Colon, Rectum, and Anus—Spencer RJ, 361
Neoplastic Diseases of Blood—McIntyre OR, 425
Neurobiology of Periodic Psychoses—Maruta T, 642
Neuroendocrinology and Psychiatric Disorder—Wells LA, 570
New Dimensions in Antimicrobial Therapy—Edson RS, 720
Nonsurgical Biliary Drainage—Hughes RW Jr, 643
Occupational Lung Disease—Williams DE, 642
Occupational Lung Diseases—Divertie MB, 641
O'Connor's Textbook of Arthroscopic Surgery—Rand JA, 65
Orthopaedics—Morrey BF, 215
Osteoarthritis—Vollertsen RS, 566
Pathology of Lung—Lie JT, 895
Pharyngitis—Mohr DN, 213
Physiology of Intestinal Circulation—DiMagno EP, 719
Pineal Gland—Carmichael SW, 719
Practical Pediatric Imaging—Hoffman AD, 495
Practical Pediatric Radiology—Burke EC, 354
Practical Strategies in Outpatient Medicine—Antonelli JJ, 430
Practical Urologic Endoscopy—Segura JW, 503
Pregnancy, Diabetes and Birth—Nelson RL, 213
Premenstrual Syndrome and Progesterone Therapy—Fish CR, 281
Principles of Clinical Toxicology—Mayer TP, 567
Principles of Sports Medicine—Sim FH, 564
Progressive Spinal Muscular Atrophies—Kuntz NL, 358
Psoriasis—Dicken CH, 898
Psychobiology of Anorexia Nervosa—Lucas AR, 212
Pulmonary Hypertension—Reeder GS, 144
Replacement of Knee—Rand JA, 362
Replacement of Renal Function by Dialysis—Wochos DN, 143
Rheumatic Diseases—McPhee MC, 66
Sarcoidosis—DeRemee RA, 498
Selective Plasma Component Removal—Terman DS, 353
Sleep/Wake Disorders—Westbrook PR, 68
Sports Injuries—Sim FH, 897
Stroke and Extracranial Vessels—Sundt TM Jr, 562
Stress and Women Physicians—Nelson AM, 896
Surgery of Knee Joint—Henderson ED, 502
Surgical Exposures in Orthopaedics—Sim FH, 363
Techniques in Endourology—Patterson DE, 641
Testifying in Court—Hippe BR, 144
Thirty-Five Years in Tower—Anderson CF, 718
To Provide Safe Passage: Humanistic Aspects of Medicine—Anderson CF, 282
Toxicology in Use, Misuse and Abuse of Food, Drugs and Chemicals—Hodgson CJ, 212
Unfavorable Result in Plastic Surgery—Woods JE, 428
Urinary Stone—Erickson SB, 563
Urodynamics—Barrett DM, 564

BOOKS BY MAYO CLINIC AUTHORS

Alternatives to Conventional Ileostomy, edited by R. R. Dozois (reviewed by D. J. Schoetz, Jr.), 796
Atlas of Surgical Techniques of Oliver H. Beahrs, by O. H. Beahrs, P. D. Kiernan, and J. P. Hubert, Jr. (reviewed by G. L. Jordan, Jr.), 362
Classics of Cardiology, by John A. Callahan, Thomas E. Keys, and Jack D. Key (reviewed by W. B. Fye), 67
Clinical Pediatric Urology, by Panayotis P. Kelalis, Lowell R. King, and Barry A. Belman (reviewed by R. Gonzalez), 357
Elbow and Its Disorders, edited by B. F. Morrey (reviewed by D. C. Ferlic), 717
Eye and Orbit in Thyroid Disease, by Colum A. Gorman, Robert R. Waller, and John A. Dyer (reviewed by I. R. McDougall), 494
Hemostasis and Thrombosis, edited by E. J. Walter Bowie and A. A. Sharp (reviewed by J. N. Shanberge), 643
Laboratory Procedures in Clinical Microbiology, 2nd ed, edited by J. A. Washington II (reviewed by J. M. Matsen), 800
Liver Biopsy Diagnoses and Reports: SNOMED Codes, ICD-9-CM Codes, Nomenclature and Terminology, by Jurgen Ludwig (reviewed by R. L. Peters), 356
Manual of Endocrine Surgery, by Anthony J. Edis, Clive S. Grant, and Richard H. Egdahl (reviewed by N. W. Thompson), 429
Modern Trends in Infertility and Conception Control, edited by E. E. Wallach and R. D. Kempers (reviewed by R. Ansbacher), 893
1984 Year Book of Orthopedics, edited by M. B. Coventry (reviewed by L. H. Riley, Jr.), 798
Serotonin and Cardiovascular System, edited by P. M. Vanhoutte (reviewed by E. D. Frolich), 717
Stafne's Oral Radiographic Diagnosis, edited by J. A. Gibilisco (reviewed by D. T. Waggener), 797
Bove AA, 383, 449, 822
Bowie EJW, 457
Brain damage: magnetic resonance imaging for neurotoxicity in long-term survivors of carcinoma, 803
management of maternal vegetative state during pregnancy, 469
Brain tumors: surgical options for patients with deep-seated; computer-assisted stereotactic biopsy, 223
treatment of patients with; editorial, 279
Brennan LA Jr, 763
Bresnahan JF, 449
Brimijoin WS, 3
"Broken ring" sign in magnetic resonance imaging of partial anomalous pulmonary venous connection to superior vena cava, 874
Bronchoalveolar lavage: pulmonary disease in immunocompromised host (second of two parts), 610
Brown ML, 299
Bypass operations: for occlusive disease of carotid system; results, complications, and follow-up of 415, 230

long-term mortality and stroke morbidity after superficial temporal artery-middle cerebral artery, 241

C

Calcium: physiology and pathophysiology of vitamin D, 851
Callahan JA, 344
Callahan MJ, 321
Can plasma human pancreatic polypeptide be used to detect diseases of exocrine pancreas? 259
Captopril as early therapy for renal scleroderma, use of; prospective study, 763
Carcinoma: in patients with pernicious anemia, risk of development of gastric: population-based study in Rochester, Minnesota, 444
magnetic resonance imaging for neurotoxicity in long-term survivors of, 803
nasopharyngeal, due to Epstein-Barr virus; serologic tests, 205
of thyroid, anaplastic; clinicopathologic study of 82 cases, 51
renal cell; new developments; editorial, 715
treatment of renal cell, by in situ partial nephrectomy and extracorporeal operation with autotransplantation, 651
trends and variability in survival among patients with osteosarcoma; 7-year update, 91
Cardiac anatomy, three-dimensional, and function in heart disease in adults; initial results with dynamic spatial reconstructor, 383
Cardiac pacing: refractory supraventricular tachycardia in neonate; treatment with temporary antitachycardial pacing, 169
Cardiac sarcoidosis: potentially treatable form of myocarditis, 549
Cardiology: Doppler echocardiography; theory, instrumentation, technique, and application, 321
selection of optimal drug therapy for patient with angina pectoris, 539
sinus node dysfunction in pediatric and young adult patients; treatment by implantation of permanent pacemaker in 39 cases, 667
Cardiovascular clinics: cardiac sarcoidosis; potentially treatable form of myocarditis, 549
cardiac tamponade; pericardiocentesis directed by two-dimensional echocardiography, 344
cardiovascular evaluation of child and adolescent before participation in sports, 867
constrictive pericarditis; assessment of current diagnostic procedures, 397
left ventricular outflow tract obstruction related to valve prosthesis; case caused by low-profile mitral prosthesis, 184
myocarditis related to drug hypersensitivity, 463
revival of transseptal approach for catheterization of left atrium and ventricle, 790
thrombotic occlusion of prosthetic heart valve; diagnosis and management, 118
Carotid system: long-term mortality and stroke morbidity after superficial temporal artery-middle cerebral artery bypass operation, 241
results, complications, and follow-up of 415 bypass operations for occlusive disease of, 230
Cascino TL, 279
Cerebrospinal fluid, assay for β-glucuronidase in; usefulness for detection of neoplastic meningitis, 293
Chao EYS, 763
Chemical dependence among adolescents; editorial, 557
Chesebro JH, 449
Chlamydia trachomatis, sexually transmitted infections due to; rapid detection by immunofluorescence microscopy, 204
Chowdhury S, 173
Chromosome abnormalities in preleukemic or myelodysplastic syndromes; editorial, 555
Chronic liver disease and liver transplantation, pulmonary aspects of, 407
Clain JE, 149
Clinical microbiology: erythromycin; microbial and clinical perspective after 30 years of clinical use (first of two parts), 189
Clinical significance of *Pseudallescheria boydii*; review of 10 years' experience, 531
Clinical trial of adjuvant chemotherapy after surgical resection of colorectal cancer metastatic to liver, 517
Clonidine in mixed-drug detoxification regimen, use of; possibility of masking of clinical signs of sedative withdrawal, 47
Cochlear implant; clinical status, 1985; editorial, 136
Cockerill FR III, 473, 610, 636
Colonoscope, President and power of; editorial, 886
Commencement address: experience in learning, 180
selection and training of physicians at Mayo Medical School for 21st century, 633
Comparison of needle biopsy with cytologic analysis for evaluation of pleural effusion; analysis of 414 cases, 158
Computed tomography: magnetic resonance imaging in routine clinical setting, 75
use of ^{131}I-MIBG scintigraphy in evaluation of suspected pheochromocytoma, 299
Computer-assisted stereotactic biopsy; surgical options for patients with deep-seated brain tumors, 223
Conn DL, 763
Connective tissue disease: in Rochester, Minnesota, 1950 through 1979, epidemiology of systemic lupus erythematosus and other, 105
intrathoracic manifestations in mixed, 813
Connolly DC, 305, 375, 397
Consultation service, blood bank; principles and practice, 312
Cooney WP III, 729
Coronary angioplasty, percutaneous transluminal, alone or in combination with streptokinase therapy, during acute myocardial infarction, 449
Coronary arteries: spasm in ectatic, 822
spasm of; causes and consequences (scientist's viewpoint), 33
Coronary heart disease in residents of Rochester, Minnesota. V. Prognosis of patients with coronary heart disease based on initial manifestation, 305
VI. Hospital and posthospital course of patients with transmural and subendocardial myocardial infarction, 375
Cortese DA, 407
Coulam CB, 593
Coumarin necrosis, thromboembolism, and protein C, 673
Creagan ET, 803
Crohn's disease, preoperative nutritional status and other factors that influence surgical outcome in patients with, 393
Currie PJ, 184
Cyst, duodenal duplication, causing massive bleeding in adult; unusual complication of duplication cyst of digestive tract, 772
Cytogenetics symposium: chromosome abnormalities in malignant hematologic disorders, 675
fragile sites on human chromosomes; description and clinical significance, 690
oncogenes, 697
Cytogenetic studies in 174 consecutive patients with preleukemic or myelodysplastic syndromes, 507
Cytologic study, hematopoietic cells in thyroid fine-needle aspirates for; report of two cases, 123
Cytomegalovirus infection: diagnosing; editorial, 636
monoclonal antibody for rapid laboratory detection of; characterization and diagnostic application, 577
Czaja AJ, 348, 488

D

Dahl RJ, 675
Dahlin DC, 91
Daniels TM, 457
Defects, birth: fragile sites on human chromosomes; description and clinical significance, 690
Demyelination: animal models of multiple sclerosis; editorial, 490
virus-induced, in mice; "dying back" of oligodendrocytes, 433
Deposition of neutrophilic granulocytes on vascular grafts in dogs, quantification of, with ^{111}In-labeled granulocytes, 173
DeRemee RA, 27
Dermatoses, neutrophilic, and myeloproliferative disease; report of two cases, 735
Devine PA, 125, 312
Dewald GW, 507, 675
Dewanjee MK, 173
Diabetes mellitus—1985, sulfonylureas in treatment of, 439
Diagnosing cytomegalovirus infection; editorial, 636
Diagnostic tests for Lyme disease, ticks, spirochetes, and new, 402
Dialysis patients without osteomalacia, elevated bone aluminum content in, 315
Di Chiro G, 135
Dicken CH, 115, 735
Digital subtraction angiography, demonstration of sinus occlusion with use of; intracranial hypertension in Behçet's disease, 419
DiMagno EP, 149, 259, 772
Discoid lupus: epidemiology of systemic lupus erythematosus and other connective tissue diseases in Rochester, Minnesota, 1950 through 1979, 105
Distress syndrome caused by blastomycosis infection, survival in adult respiratory, 266
Divertie MB, 813
Dizziness: sinus node dysfunction in pediatric and young adult patients; treatment by implantation of permanent pacemaker in 39 cases, 667
Donadio JV Jr, 367, 586, 763
Doppler echocardiography; theory, instrumentation, technique, and application, 321
Douglas WW, 266
Driscoll DJ, 867
Drug hypersensitivity, myocarditis related to, 463
Drugs: amiodarone pulmonary toxicity; report of two cases associated with rapidly progressive fatal adult respiratory distress syndrome after pulmonary angiography, 601
amiodarone toxicity; editorial, 638
antipsychotic agents; clinical update, 777
chemical dependence among adolescents; editorial, 557
clinical trial of adjuvant chemotherapy after surgical resection of colorectal cancer metastatic to liver, 517
erythromycin; microbial and clinical perspective after 30 years of clinical use (first of two parts), 189

erythromycin; microbial and clinical perspective after 30 years of clinical use (second of two parts), 271
pulmonary disease in immunocompromised host (first of two parts), 473
pulmonary disease in immunocompromised host (second of two parts), 610
selection of optimal drug therapy for patient with angina pectoris, 539
treatment of severe nephrotic syndrome with meclofenamate; uncontrolled pilot study, 586
use of captopril as early therapy for renal scleroderma; prospective study, 763
use of clonidine in mixed-drug detoxification regimen; possibility of masking of clinical signs of sedative withdrawal, 47
Wegener's granulomatosis; observations on treatment with antimicrobial agents, 27
Duffy J, 402
Duodenal duplication cyst causing massive bleeding in adult; unusual complication of duplication cyst of digestive tract, 772
Dynamic spatial reconstructor, initial results with; three-dimensional cardiac anatomy and function in heart disease in adults, 383
Dyspnea: pulmonary aspects of chronic liver disease and liver transplantation, 407

E

Earnest F IV, 75, 223, 803
Ebersold MJ, 753
Echocardiography: constrictive pericarditis; assessment of current diagnostic procedures, 397
Doppler; theory, instrumentation, technique, and application, 321
pericardiocentesis directed by two-dimensional; cardiac tamponade, 344
standardized nomenclature of ventricular septum and ventricular septal defects, with applications for two-dimensional, 741
Ectatic coronary arteries, spasm in, 822
EDITORIALS
Amiodarone toxicity, 638
Animal models of multiple sclerosis, 490
Chemical dependence among adolescents, 557
Chromosome abnormalities in preleukemic or myelodysplastic syndromes, 555
Cochlear implant; clinical status, 1985, 136
Diagnosing cytomegalovirus infection, 636
Euthyroid hyperthyroxinemia, 61
Fulminant hepatitis; room for improvement, 348
Is sclerotherapy treatment of choice for bleeding esophageal varices? 207
Magnetic resonance imaging; time for assessment, 135
President and power of colonoscope, 886
Renal cell carcinoma; new developments, 715
Selection bias in referral of patients and natural history of surgical conditions, 880
Stamp vignettes, 556
Toxic neuropathy, 59
Treatment of patients with brain tumors, 279
Unilateral nephrectomy in living-related kidney donors is safe and beneficial, 423
Edmonson JH, 91
Edwards WD, 16, 247, 549, 741
Effect of resection of sternum and manubrium in conjunction with muscle transposition on pulmonary function, 604
Effusion, comparison of needle biopsy with cytologic analysis for evaluation of pleural; analysis of 414 cases, 158
Ehman RL, 874
Electrocardiography: myocarditis related to drug hypersensitivity, 463
Elevated bone aluminum content in dialysis patients without osteomalacia, 315
Elveback LR, 105, 305, 375
Encephalomyelitis: virus-induced demyelination in mice; "dying back" of oligodendrocytes, 433
Encephalopathy: fulminant hepatitis; Mayo Clinic experience with 34 cases, 289
Endocrine symposium: assessment of metabolic bone disease; review of new nuclear medicine procedures, 827
hypoglycemia, fact or fiction? 844
thyroiditis; clinical update, 836
Endocrine system: physiology and pathophysiology of vitamin D, 851
Energy expenditure in patients with low-, mid-, or high-thoracic paraplegia using Scott-Craig knee-ankle-foot orthoses, 165
Energy metabolism in sciatic nerve, effects on; acrylamide neuropathy in rat, 3
Engen DE, 651
Entamoeba polecki infection in Southeast Asian refugees; multiple cases of rarely reported parasite, 523
Enzyme immunoassay, detection of rotavirus by; epidemic viral gastroenteritis, 204
Epidemiology: coronary heart disease in residents of Rochester, Minnesota. V. Prognosis of patients with coronary heart disease based on initial manifestation, 305
VI. Hospital and posthospital course of patients with transmural and subendocardial myocardial infarction, 375
of systemic lupus erythematosus and other connective tissue diseases in Rochester, Minnesota, 1950 through 1979, 105
risk of development of gastric carcinoma in patients with pernicious anemia; population-based study in Rochester, Minnesota, 444
trends and variability in survival among patients with osteosarcoma; 7-year update, 91
Epstein-Barr virus, nasopharyngeal carcinoma due to; serologic tests, 205
Erythromycin: microbial and clinical perspective after 30 years of clinical use (first of two parts), 189
microbial and clinical perspective after 30 years of clinical use (second of two parts), 271
Esophageal varices on survival and rebleeding before and after introduction of sclerotherapy, influence of hepatic reserve and cause of; retrospective analysis, 149
Essential blepharospasm, myectomy for, 663
Euthyroid hyperthyroxinemia: editorial, 61
familial, secondary to pituitary and peripheral resistance to thyroid hormones, 9
Exocrine pancreas, can plasma human pancreatic polypeptide be used to detect diseases of? 259
Experience in learning; commencement address, 180

F

Facer GW, 136
Factor VIII-von Willebrand factor in giant cell arteritis and polymyalgia rheumatica, 457
Familial euthyroid hyperthyroxinemia secondary to pituitary and peripheral resistance to thyroid hormones, 9
Femur: trends and variability in survival among patients with osteosarcoma; 7-year update, 91
Fever: pulmonary disease in immunocompromised host (first of two parts), 473
Fibrillation: spasm of coronary arteries; causes and consequences (scientist's viewpoint), 33
Fibrosis: primary pulmonary hypertension; histopathologic study of 80 cases, 16
Fine-needle aspirates for cytologic study, hematopoietic cells in thyroid: report of two cases, 123
Flach DB, 735
Fleming CR, 393
Fleming JO, 490
Fode NC, 230, 241
Forbes GS, 75, 419
Fragile sites on human chromosomes; description and clinical significance, 690
Frohnert PP, 367
Frytak S, 803
Fulminant hepatitis: Mayo Clinic experience with 34 cases, 289
room for improvement; editorial, 348
Furlow WL, 255

G

Gangliomas: use of ^{131}I-MIBG scintigraphy in evaluation of suspected pheochromocytoma, 299
Gastric carcinoma in patients with pernicious anemia, risk of development of; population-based study in Rochester, Minnesota, 444
Gastroenteritis, epidemic viral; detection of rotavirus by enzyme immunoassay, 204
Gastrointestinal tract: duodenal duplication cyst causing massive bleeding in adult; unusual complication of duplication cyst of digestive tract, 772
Gay JD, 123, 523
Genetics: chromosome abnormalities in malignant hematologic disorders, 675
cytogenetic studies in 174 consecutive patients with preleukemic or myelodysplastic syndromes, 507
fragile sites on human chromosomes; description and clinical significance, 690
oncogenes, 697
Gerich JE, 439
Gersh BJ, 169, 184
Gestation: management of maternal vegetative state during pregnancy, 469
Gharib H, 9, 51, 299
Giant cell arteritis and polymyalgia rheumatica, factor VIII-von Willebrand factor in, 457
Gibson LE, 735
Gilchrist GS, 91
Glands: anaplastic carcinoma of thyroid; clinicopathologic study of 82 cases, 51
familial euthyroid hyperthyroxinemia secondary to pituitary and peripheral resistance to thyroid hormones, 9
Gleaves CA, 577
Glucose: hypoglycemia; fact or fiction? 844
β-Glucuronidase in cerebrospinal fluid, assay for; usefulness for detection of neoplastic meningitis, 293
Go VLW, 259
Goellner JR, 51, 123, 293
Goerss SJ, 223
Gordon H, 697
Grace ND, 207
Grant CS, 51, 299
Granulocytes: pulmonary disease in immunocompromised host (first of two parts), 473
quantification of deposition of neutrophilic granulocytes on vascular grafts in dogs with ^{111}In-labeled, 173
Granulomatosis, Wegener's; observations on treatment with antimicrobial agents, 27

Hagler DJ, 741
Hammill SC, 169
Hammond PI, 3
Hanley PC, 790
Harper CM Jr, 419
Harris LD, 383
Hay ID, 61, 836
Hayes DL, 667
Heart: cardiac sarcoidosis; potentially treatable form of myocarditis, 549

cardiac tamponade; pericardiocentesis directed by two-dimensional echocardiography, 344
cardiovascular evaluation of child and adolescent before participation in sports, 867
constrictive pericarditis; assessment of current diagnostic procedures, 397
disease, coronary, in residents of Rochester, Minnesota. V. Prognosis of patients with coronary heart disease based on initial manifestation, 305
disease, coronary, in residents of Rochester, Minnesota. VI. Hospital and posthospital course of patients with transmural and subendocardial myocardial infarction, 375
disease in adults, three-dimensional cardiac anatomy and function in; initial results with dynamic spatial reconstructor, 383
Doppler echocardiography; theory, instrumentation, technique, and application, 321
left ventricular outflow tract obstruction related to valve prosthesis; case caused by low-profile mitral prosthesis, 184
myocarditis related to drug hypersensitivity, 463
refractory supraventricular tachycardia in neonate; treatment with temporary antitachycardial pacing, 169
selection of optimal drug therapy for patient with angina pectoris, 539
sinus node dysfunction in pediatric and young adult patients; treatment by implantation of permanent pacemaker in 39 cases, 667
spasm in ectatic coronary arteries, 822
spasm of coronary arteries; causes and consequences (scientist's viewpoint), 33
standardized nomenclature of ventricular septum and ventricular septal defects, with applications for two-dimensional echocardiography, 741
surgical pathology of combined aortic stenosis and insufficiency; study of 213 cases, 247
valve, thrombotic occlusion of prosthetic; diagnosis and management, 118
Hemangioma: argon laser treatment of port-wine stains, 115
Hematologic disorders, chromosome abnormalities in malignant, 675
Hematology: factor VIII-von Willebrand factor in giant cell arteritis and polymyalgia rheumatica, 457
Hematopoietic cells in thyroid fine-needle aspirates for cytologic study, report of two cases, 123
Hemorrhage: duodenal duplication cyst causing massive bleeding in adult; unusual complication of duplication cyst of digestive tract, 772
Henning KM, 651
Hepatic resection: clinical trial of adjuvant chemotherapy after surgical resection of colorectal cancer metastatic to liver, 517
Hepatic reserve, influence of, and cause of esophageal varices on survival and rebleeding before and after introduction of sclerotherapy; retrospective analysis, 149
Hepatitis: fulminant; Mayo Clinic experience with 34 cases, 289
fulminant; room for improvement; editorial, 348
viral; diagnostic test using anti-HB_c (IgM), 488
Higgins JA, 444
Hill LM, 469
Histology: surgical options for patients with deep-seated brain tumors; computer-assisted stereotactic biopsy, 223
Histomorphometry: elevated bone aluminum content in dialysis patients without osteomalacia, 315
Hoagland HC, 555
Hoffman EA, 383
Holley KE, 586, 763
Holmes DR Jr, 169, 383, 449, 601, 667
Hora JF, 593
Houser OW, 75, 230
Hughes PL, 47
Hughes RW Jr, 149
Human chromosomes, fragile sites on; description and clinical significance, 690
Hunder GG, 457
Hyperprolactinemia, pituitary adenomas associated with; clinical and immunohistochemical study of 97 patients operated on transsphenoidally, 753
Hypertension: intracranial, in Behçet's disease; demonstration of sinus occlusion with use of digital subtraction angiography, 419
primary pulmonary; histopathologic study of 80 cases, 16
use of captopril as early therapy for renal scleroderma; prospective study, 763
Hyperthyroxinemia, euthyroid: editorial, 61
familial, secondary to pituitary and peripheral resistance to thyroid hormones, 9
Hypoglycemia; fact or fiction? 844
Hypoglycemic agents: sulfonylureas in treatment of diabetes mellitus—1985, 439
Hypoxemia: pulmonary aspects of chronic liver disease and liver transplantation, 407

I

Ilstrup DM, 393, 517
Imaging, magnetic resonance: for neurotoxicity in long-term survivors of carcinoma, 803
in routine clinical setting, 75
of partial anomalous pulmonary venous connection to superior vena cava, "broken ring" sign in, 874
time for assessment; editorial, 135
Immunocompromised host: pulmonary disease in (first of two parts), 473
pulmonary disease in (second of two parts), 610
Immunofluorescence: monoclonal antibody for rapid laboratory detection of cytomegalovirus infections; characterization and diagnostic application, 577
Immunoglobulin: viral hepatitis; diagnostic test using anti-HB_c (IgM), 488
Immunohistochemical and clinical study of 97 patients operated on transsphenoidally; pituitary adenomas associated with hyperprolactinemia, 753
Implant, cochlear; clinical status, 1985; editorial, 136
Incontinence: artificial urinary sphincter; experience with AS 800 pump-control assembly for single-stage primary deactivation and activation—preliminary report, 255
Infections: assay for β-glucuronidase in cerebrospinal fluid; usefulness for detection of neoplastic meningitis, 293
clinical significance of *Pseudallescheria boydii*; review of 10 years' experience, 531
diagnosing cytomegalovirus; editorial, 636
Entamoeba polecki, in Southeast Asian refugees; multiple cases of rarely reported parasite, 523
erythromycin; microbial and clinical perspective after 30 years of clinical use (first of two parts), 189
erythromycin; microbial and clinical perspective after 30 years of clinical use (second of two parts), 271
fulminant hepatitis; Mayo Clinic experience with 34 cases, 289
fulminant hepatitis; room for improvement; editorial, 348
monoclonal antibody for rapid laboratory detection of cytomegalovirus infections; characterization and diagnostic application, 577
neutrophilic dermatoses and myeloproliferative disease; report of two cases, 735
pulmonary disease in immunocompromised host (first of two parts), 473
pulmonary disease in immunocompromised host (second of two parts), 610
sexually transmitted, due to *Chlamydia trachomatis*; rapid detection by immunofluorescence microscopy, 204
survival in adult respiratory distress syndrome caused by blastomycosis, 266
thyroiditis; clinical update, 836
Wegener's granulomatosis; observations on treatment with antimicrobial agents, 27
Influence of hepatic reserve and cause of esophageal varices on survival and rebleeding before and after introduction of sclerotherapy; retrospective analysis, 149
Insufficiency, surgical pathology of combined aortic stenosis and; study of 213 cases, 247
Insulin: hypoglycemia; fact or fiction? 844
sulfonylureas in treatment of diabetes mellitus—1985, 439
Interactions of drugs: antipsychotic agents; clinical update, 777
Intracardiac pressures: Doppler echocardiography; theory, instrumentation, technique, and application, 321
Intracranial hypertension in Behçet's disease; demonstration of sinus occlusion with use of digital subtraction angiography, 419
Intracranial lesions: surgical options for patients with deep-seated brain tumors; computer-assisted stereotactic biopsy, 223
Intramural mass: duodenal duplication cyst causing massive bleeding in adult; unusual complication of duplication cyst of digestive tract, 772
Intraoperative autologous transfusion, 125
Intrathoracic manifestations in mixed connective tissue disease, 813
Iron-binding capacity: preoperative nutritional status and other factors that influence surgical outcome in patients with Crohn's disease, 393
Irons GB Jr, 729
Is sclerotherapy treatment of choice for bleeding esophageal varices? editorial, 207
Ivins JC, 91

Meadows JA III, 604
Meclofenamate, treatment of severe nephrotic syndrome with; uncontrolled pilot study, 586
Medial hypertrophy: primary pulmonary hypertension; histopathologic study of 80 cases, 16
Medications: antipsychotic agents; clinical update, 777
Melton LJ III, 444, 880
Meningitis, neoplastic; assay for β-glucuronidase in cerebrospinal fluid; usefulness for detection of, 293
Merkel KD, 165
Merritt JL, 165
Mertz LE, 402
Metabolic bone disease, assessment of; review of new nuclear medicine procedures, 827
Metabolic energy: acrylamide neuropathy in rat; effects on energy metabolism in sciatic nerve, 3
Metabolism of steroids in normal and diseased human tissues, rapid, sensitive assay for analyzing defects in, 593
Metastasis: use of ^{131}I-MIBG scintigraphy in evaluation of suspected pheochromocytoma, 299
Michels VV, 555, 690
Michet CJ Jr, 105
Microbial and clinical perspective after 30 years of clinical use; erythromycin (first of two parts), 189
erythromycin (second of two parts), 271
Microbial infection: Wegener's granulomatosis; observations on treatment with antimicrobial agents, 27
Microorganisms: pulmonary disease in immunocompromised host (second of two parts), 610
Miller FA Jr, 321, 638
Miller NE, 165
Mineral catabolism: physiology and pathophysiology of vitamin D, 851
Mitosis: oncogenes, 697
Mixed connective tissue disease, intrathoracic manifestations in, 813
Mixed-drug detoxification regimen, use of clonodine in; possibility of masking of clinical signs of sedative withdrawal, 47
Moertel CG, 517
Monoclonal antibody for rapid laboratory detection of cytomegalovirus infections; characterization and diagnostic application, 577
Moore SB, 312
Morse RM, 47
Multiple sclerosis, animal models of; editorial, 490
Muscarinic agonists: spasm of coronary arteries; causes and consequences (scientist's viewpoint), 33
Myectomy for essential blepharospasm, 663
Myelodysplastic syndromes: chromosome abnormalities in preleukemic or; editorial, 555
cytogenetic studies in 174 consecutive patients with preleukemic or, 507
Myeloproliferative disease and neutrophilic dermatoses; report of two cases, 735
Myocardial infarction: coronary heart disease in residents of Rochester, Minnesota. V. Prognosis of patients with coronary heart disease based on initial manifestation, 305
coronary heart disease in residents of Rochester, Minnesota. VI. Hospital and posthospital course of patients with transmural and subendocardial myocardial infarction, 375
percutaneous transluminal coronary angioplasty, alone or in combination with streptokinase therapy, during acute, 449
Myocarditis: potentially treatable form of; cardiac sarcoidosis, 549
related to drug hypersensitivity, 463

N

Nagorney DM, 772
Nasopharyngeal carcinoma due to Epstein-Barr virus; serologic tests, 205
Necrosis, coumarin, thromboembolism, and protein C, 673
Needle biopsy, comparison of, with cytologic analysis for evaluation of pleural effusion; analysis of 414 cases, 158
Nel CJ, 51
Nelson CA, 488
Nelson RL, 844

Neonate, refractory supraventricular tachycardia in; treatment with temporary antitachycardial pacing, 169
Neoplasms: anaplastic carcinoma of thyroid; clinicopathologic study of 82 cases, 51
oncogenes, 697
Neoplastic meningitis; assay for β-glucuronidase in cerebrospinal fluid; usefulness for detection of, 293
Nephrectomy: and extracorporeal operation with autotransplantation, treatment of renal cell carcinoma by in situ partial, 651
risks of unilateral; status of kidney donors 10 to 20 years postoperatively, 367
unilateral, in living-related kidney donors is safe and beneficial; editorial, 423
Nephrotic syndrome, treatment of severe, with meclofenamate; uncontrolled pilot study, 586
Neuropathy: acrylamide, in rat; effects on energy metabolism in sciatic nerve, 3
toxic; editorial, 59
virus-induced demyelination in mice; "dying back" of oligodendrocytes, 433
Neurotoxicity in long-term survivors of carcinoma, magnetic resonance imaging for, 803
Neutrophilic dermatoses and myeloproliferative disease; report of two cases, 735
Neutrophilic granulocytes, quantification of deposition of, on vascular grafts in dogs with ^{111}In-labeled granulocytes, 173
Nevus flammeus: argon laser treatment of port-wine stains, 115
Nishimura RA, 321, 397, 449
Noel P, 675
Nomenclature, standardized, of ventricular septum and ventricular septal defects, with applications for two-dimensional echocardiography, 741
Nuclear medicine procedures, review of new; assessment of metabolic bone disease, 827
Nutritional status, preoperative, and other factors that influence surgical outcome in patients with Crohn's disease, 393

O

O'Brien JF, 293
Obstruction, left ventricular outflow tract, related to valve prosthesis; case caused by low-profile mitral prosthesis, 184
Occlusion, thrombotic, of prosthetic heart valve; diagnosis and management, 118
Occlusive disease of carotid system, results, complications, and follow-up of 415 bypass operations for, 230
O'Connell MJ, 517
O'Duffy JD, 419
Offord KP, 367, 586
O'Keefe JH Jr, 790
Oligodendrocytes, "dying back" of; virus-induced demyelination in mice, 433
Olney BA, 463
Olson LJ, 247
Oncogenes, 697
O'Neill BP, 419, 469, 803
Ophthalmology: myectomy for essential blepharospasm, 663
Optimal drug therapy for patient with angina pectoris, selection of, 539
Orthoses, Scott-Craig knee-ankle-foot, energy expenditure in patients with low-, mid-, or high-thoracic paraplegia using, 165
Osborn MJ, 601
Osmundson PJ, 763
Osseous defects: skeletal reconstruction by vascularized bone transfer; indications and results, 729
Ossified tissue: hematopoietic cells in thyroid fine-needle aspirates for cytologic study; report of two cases, 123
Osteomalacia, elevated bone aluminum content in dialysis patients without, 315
Osteosarcoma, trends and variability in survival among patients with; 7-year update, 91
Otitis media: erythromycin; microbial and clinical perspective after 30 years of clinical use (second of two parts), 271

P

Pacemaker, implantation of permanent; treatment of sinus node dysfunction in 39 pediatric and young adult patients, 667
Pairolero PC, 604
Pancreatic polypeptide, plasma human, can it be used to detect diseases of exocrine pancreas? 259
Papilledema: intracranial hypertension in Behçet's disease; demonstration of sinus occlusion with use of digital subtraction angiography, 419
Paraplegia, energy expenditure in patients with low-, mid-, or high-thoracic, using Scott-Craig knee-ankle-foot orthoses, 165
Parasite, multiple cases of rarely reported; *Entamoeba polecki* infection in Southeast Asian refugees, 523
Parker D, 469
Parkin TW, 397
Partial anomalous pulmonary venous connection to superior vena cava, "broken ring" sign in magnetic resonance imaging of, 874
Pathology, surgical, of combined aortic stenosis and insufficiency; study of 213 cases, 247
Pearson GR, 577
Pediatrics: cardiovascular evaluation of child and adolescent before participation in sports, 867
Pelvic surgery: artificial urinary sphincter; experience with AS 800 pump-control assembly for single-stage primary deactivation and activation—preliminary report, 255
Percutaneous transluminal coronary angioplasty, alone or in combination with streptokinase therapy, during acute myocardial infarction, 449
Pericardiocentesis directed by two-dimensional echocardiography; cardiac tamponade, 344
Pericarditis, constrictive; assessment of current diagnostic procedures, 397
Peripheral nerves: acrylamide neuropathy in rat; effects on energy metabolism in sciatic nerve, 3
Pernicious anemia, risk of development of gastric carcinoma in patients with; population-based study in Rochester, Minnesota, 444
Persellin ST, 457
Pheochromocytoma, use of ^{131}I-MIBG scintigraphy in evaluation of suspected, 299
Physicians, selection and training of, at Mayo Medical School for 21st century, 633
Physiology and pathophysiology of vitamin D, 851
Picornavirus: virus-induced demyelination in mice; "dying back" of oligodendrocytes, 433
Piehler JM, 449
Piepgras DG, 230
Pierre RV, 507
Pineda AA, 312
Pituitary: adenomas associated with hyperprolactinemia; clinical and immunohistochemical study of 97 patients operated on transsphenoidally, 753
and peripheral resistance to thyroid hormones, familial euthyroid hyperthyroxinemia secondary to, 9
Plasma: glucose; hypoglycemia; fact or fiction? 844
intraoperative autologous transfusion, 125
Pleural effusion, comparison of needle biopsy with cytologic analysis for evaluation of; analysis of 414 cases, 158
Pleuropulmonary symptoms: intrathoracic manifestations in mixed connective tissue disease, 813
Pluth JR, 184
Pneumonitis: neutrophilic dermatoses and myeloproliferative disease; report of two cases, 735
Polymyalgia rheumatica, factor VIII-von Willebrand factor in giant cell arteritis and, 457
Popovsky MA, 125, 312
Port-wine stains, argon laser treatment of, 115
Prakash UBS, 158, 813
Pregnancy, management of maternal vegetative state during, 469
Preleukemic or myelodysplastic syndromes: chromosome abnormalities in; editorial, 555
cytogenetic studies in 174 consecutive patients with, 507
Preoperative nutritional status and other factors that influence surgical outcome in patients with Crohn's disease, 393
President and power of colonoscope; editorial, 886
Primary pulmonary hypertension; histopathologic study of 80 cases, 16
Pritchard DJ, 91
Prosthesis, left ventricular outflow tract obstruction related to valve; case caused by low-profile mitral prosthesis, 184
Prosthetic heart valve, thrombotic occlusion of; diagnosis and management, 118
Protein C, thromboembolism, and coumarin necrosis, 673
Pruitt RD, 180
Pseudallescheria boydii, clinical significance of; review of 10 years' experience, 531
Pulmonary aspects of chronic liver disease and liver transplantation, 407
Pulmonary disease in immunocompromised host (first of two parts), 473
Pulmonary disease in immunocompromised host (second of two parts), 610
Pulmonary function, effect of resection of sternum and manubrium in conjunction with muscle transposition on, 604
Pulmonary toxicity, amiodarone; report of two cases associated with rapidly progressive fatal adult respiratory distress syndrome after pulmonary angiography, 601

Q

Quantification of deposition of neutrophilic granulocytes on vascular grafts in dogs with ^{111}In-labeled granulocytes, 173

R

Radioiodine: thyroiditis; clinical update, 836
Radiotherapy: magnetic resonance imaging for neurotoxicity in long-term survivors of carcinoma, 803
Rakela J, 289
Randall RV, 753
Rapid, sensitive assay for analyzing defects in metabolism of steroids in normal and diseased human tissues, 593
Razel AJ, 593
Rebleeding before and after introduction of sclerotherapy, influence of hepatic reserve and cause of esophageal varices on survival and; retrospective analysis, 149
Receptors: antipsychotic agents; clinical update, 777
Reconstruction, skeletal, by vascularized bone transfer; indications and results, 729

Red blood cells: intraoperative autologous transfusion, 125
Reeder GS, 449
Reese DF, 75
Referral of patients, selection bias in, and natural history of surgical conditions; editorial, 880
Refractory supraventricular tachycardia in neonate; treatment with temporary antitachycardial pacing, 169
Refugees, *Entamoeba polecki* infection in Southeast Asian; multiple cases of rarely reported parasite, 523
Reiman HM, 158
Renal cell carcinoma: new developments; editorial, 715
  treatment of, by in situ partial nephrectomy and extracorporeal operation with autotransplantation, 651
Renal function: risks of unilateral nephrectomy; status of kidney donors 10 to 20 years postoperatively, 367
Renal scleroderma, use of captopril as early therapy for; prospective study, 763
Resection of sternum and manubrium in conjunction with muscle transposition on pulmonary function, effect of, 604
Respiration: amiodarone pulmonary toxicity; report of two cases associated with rapidly progressive fatal adult respiratory distress syndrome after pulmonary angiography, 601
Respiratory distress syndrome caused by blastomycosis infection, survival in adult, 266
Respiratory tract: clinical significance of *Pseudallescheria boydii*; review of 10 years' experience, 531
Results, complications, and follow-up of 415 bypass operations for occlusive disease of carotid system, 230
Revival of transseptal approach for catheterization of left atrium and ventricle, 790
Rheumatic fever: surgical pathology of combined aortic stenosis and insufficiency; study of 213 cases, 247
Richardson JW, 777
Richelson E, 777
Rickets: physiology and pathophysiology of vitamin D, 851
Rings LJ, 457
Risk of development of gastric carcinoma in patients with pernicious anemia; population-based study in Rochester, Minnesota, 444
Risks of unilateral nephrectomy; status of kidney donors 10 to 20 years postoperatively, 367

Rodarte JR, 604
Rodriguez M, 433
Rooke J, 601
Rosenow EC III, 473, 610
Rotavirus, detection of, by enzyme immunoassay; epidemic viral gastroenteritis, 204
Rubin J, 517

S

Samples JR, 663
Sarcoidosis, cardiac; potentially treatable form of myocarditis, 549
Schafer LW, 444
Schaff HV, 118
Scheithauer B, 223, 753
Schutt AJ, 517
Schwartz RS, 383
Sciatic nerve, effects on energy metabolism in; acrylamide neuropathy in rat, 3
Scintigraphy in evaluation of suspected pheochromocytoma, use of ^{131}I-MIBG, 299
Scleroderma, use of captopril as early therapy for renal; prospective study, 763
Sclerosis, animal models of multiple; editorial, 490
Sclerotherapy: influence of hepatic reserve and cause of esophageal varices on survival and rebleeding before and after introduction of; retrospective analysis, 149
  treatment of choice for bleeding esophageal varices? editorial, 207
Scott-Craig knee-ankle-foot orthoses, energy expenditure in patients with low-, mid-, or high-thoracic paraplegia using, 165
Sedative withdrawal, possibility of masking of clinical signs of; use of clonidine in mixed-drug detoxification regimen, 47
Selection and training of physicians at Mayo Medical School for 21st century, 633
Selection bias in referral of patients and natural history of surgical conditions; editorial, 880
Selection of optimal drug therapy for patient with angina pectoris, 539
Serology: blood bank consultation service; principles and practice, 312
Seward JB, 184, 321, 344, 741, 790
Sexually transmitted infections due to *Chlamydia trachomatis*; rapid detection by immunofluorescence microscopy, 204
Shepherd JT, 33
Sheps SG, 299
Shub C, 539
Shuster EA, 577
Side effects: antipsychotic agents; clinical update, 777
Sinak LJ, 383
Sinus node dysfunction in pediatric and young adult patients; treatment by implantation of permanent pacemaker in 39 cases, 667
Sizemore GW, 299
Skeletal reconstruction by vascularized bone transfer; indications and results, 729
Skillrud DM, 266
Skin lesions: neutrophilic dermatoses and myeloproliferative disease; report of two cases, 735
Smith HC, 383, 449
Smith TF, 204, 205, 577
Socher S, 173
Soft tissue infection: clinical significance of *Pseudallescheria boydii*; review of 10 years' experience, 531
Solis E, 173
Southeast Asian refugees, *Entamoeba polecki* infection in; multiple cases of rarely reported parasite, 523
Spasm: in ectatic coronary arteries, 822
  of coronary arteries; causes and consequences (scientist's viewpoint), 33
Spatial reconstructor, initial results with dynamic; three-dimensional cardiac anatomy and function in heart disease in adults, 383
Spelsberg TC, 593
Sphincter, artificial urinary; experience with AS 800 pump-control assembly for single-stage primary deactivation and activation—preliminary report, 255
Spirochetes, ticks, and new diagnostic tests for Lyme disease, 402
Sports, cardiovascular evaluation of child and adolescent before participation in, 867
Spurbeck JL, 675
Staats BA, 604
Stains, argon laser treatment of port-wine, 115
Stamp vignettes: Albertus Magnus; doctor universalis—Shampo MA, Kyle RA, 530
  Aleksei Nikolaevich Bach; Soviet chemist and politician—Shampo MA, Kyle RA, 789
  Dante and medicine—Shampo MA, Kyle RA, 892
  early German physician first to synthesize urea—Shampo MA, Kyle RA, 662
  founder of modern Thai medical education—Sittipong R, Shampo MA, Kyle RA, 631
Standardized nomenclature of ventricular septum and ventricular septal defects, with applications for two-dimensional echocardiography, 741
Stanson AW, 397
Stenotic gradients: Doppler echocardiography; theory, instrumentation, technique, and application, 321
Sterioff S, 423
Sterman AB, 59
Steroids in normal and diseased human tissues, rapid, sensitive assay for analyzing defects in metabolism of, 593
Streptokinase therapy, alone or in combination with percutaneous transluminal coronary angioplasty, during acute myocardial infarction, 449
Stroke morbidity and long-term mortality after superficial temporal artery-middle cerebral artery bypass operation, 241
Subendocardial and transmural myocardial infarction, hospital and posthospital course of patients with; coronary heart disease in residents of Rochester, Minnesota. VI, 375
Subramanian R, 247
Subtraction angiography, demonstration of sinus occlusion with use of digital; intracranial hypertension in Behçet's disease, 419
Sugrue DD, 169
Sulfonylureas in treatment of diabetes mellitus—1985, 439
Sundt TM Jr, 230, 241
Supraventricular tachycardia in neonate, refractory; treatment with temporary antitachycardial pacing, 169
Surgery: clinical trial of adjuvant chemotherapy after surgical resection of colorectal cancer metastatic to liver, 517
  effect of resection of sternum and manubrium in conjunction with muscle transposition on pulmonary function, 604
  myectomy for essential blepharospasm, 663
  pituitary adenomas associated with hyperprolactinemia; clinical and immunohistochemical study of 97 patients operated on transsphenoidally, 753
  results, complications, and follow-up of 415 bypass operations for occlusive disease of carotid system, 230
Surgical options for patients with deep-seated brain tumors; computer-assisted stereotactic biopsy, 223
Surgical outcome in patients with Crohn's disease, preoperative nutritional status and other factors that influence, 393
Surgical pathology of combined aortic stenosis and insufficiency; study of 213 cases, 247
Survival in adult respiratory distress syndrome caused by blastomycosis infection, 266
Swensen SJ, 299
Symposium, cytogenetics: chromosome abnormalities in malignant hematologic disorders, 675
  fragile sites on human chromosomes; description and clinical significance, 690
  oncogenes, 697
Symposium, endocrine: assessment of metabolic bone disease; review of new nuclear medicine procedures, 827
  hypoglycemia; fact or fiction? 844
  thyroiditis; clinical update, 836
Systemic lupus erythematosus and other connective tissue diseases in Rochester, Minnesota, 1950 through 1979, epidemiology of, 105

T

Tachycardia in neonate, refractory supraventricular; treatment with temporary antitachycardial pacing, 169
Tajik AJ, 321, 344, 741
Taliercio CP, 463
Tallman RD, 293
Tamponade, cardiac; pericardiocentesis directed by two-dimensional echocardiography, 344
Taswell HF, 125, 312, 488
Taylor WF, 51, 91
Tegtmeier GE, 577
Thompson JH Jr, 523
Thoracic surgery: effect of resection of sternum and manubrium in conjunction with muscle transposition on pulmonary function, 604
Three-dimensional cardiac anatomy and function in heart disease in adults; initial results with dynamic spatial reconstructor, 383
Thromboembolism, coumarin necrosis, and protein C, 673
Thrombosis: primary pulmonary hypertension; histopathologic study of 80 cases, 16
Thrombotic occlusion of prosthetic heart valve; diagnosis and management, 118
Thyroid: carcinoma series; anaplastic carcinoma of thyroid; clinicopathologic study of 82 cases, 51
  euthyroid hyperthyroxinemia; editorial, 61
  fine-needle aspirates for cytologic study, hematopoietic cells in; report of two cases, 123
  hormones, familial euthyroid hyperthyroxinemia secondary to pituitary and peripheral resistance to, 9
Thyroiditis; clinical update, 836
Ticks, spirochetes, and new diagnostic tests for Lyme disease, 402
Tissues: rapid, sensitive assay for analyzing defects in metabolism of steroids in normal and diseased human, 593
Tomography: constrictive pericarditis; assessment of current diagnostic procedures, 397
  magnetic resonance imaging in routine clinical setting, 75
Torres VE, 367, 586
Toxicity: amiodarone; editorial, 638
  amiodarone pulmonary; report of two cases associated with rapidly progressive fatal adult respiratory distress syndrome after pulmonary angiography, 601
Toxic neuropathy; editorial, 59
Toxicology: use of clonidine in mixed-drug detoxification regimen; possibility of masking of clinical signs of sedative withdrawal, 47
Training and selection of physicians at Mayo Medical School for 21st century, 633
Transfusion: blood bank consultation service; principles and practice, 312
  intraoperative autologous, 125
Transluminal coronary angioplasty, percutaneous, alone or in combination with streptokinase therapy, during acute myocardial infarction, 449
Transmural and subendocardial myocardial infarction, hospital and posthospital course of patients with; coronary heart disease in residents of Rochester, Minnesota. VI, 375
Transplantation: pulmonary aspects of chronic liver disease and liver, 407
  risks of unilateral nephrectomy; status of kidney donors 10 to 20 years postoperatively, 367
  unilateral nephrectomy in living-related kidney donors is safe and beneficial; editorial, 423
Transseptal approach for catheterization of left atrium and ventricle, revival of, 790
Trauma: skeletal reconstruction by vascularized bone transfer; indications and results, 729
Trautmann JC, 803
Travis LB, 531
Treatment of patients with brain tumors; editorial, 279
Treatment of renal cell carcinoma by in situ partial nephrectomy and extracorporeal operation with autotransplantation, 651
Treatment of severe nephrotic syndrome with meclofenamate; uncontrolled pilot study, 586
Trends and variability in survival among patients with osteosarcoma; 7-year update, 91
Trisomy: cytogenetic studies in 174 consecutive patients with preleukemic or myelodysplastic syndromes, 507
Trypsin: can plasma human pancreatic polypeptide be used to detect diseases of exocrine pancreas? 259
Tumors: pituitary adenomas associated with hyperprolactinemia; clinical and immunohistochemical study of 97 patients operated on transsphenoidally, 753
  surgical options for patients with deep-seated brain; computer-assisted stereotactic biopsy, 223
Two-dimensional echocardiography, standardized nomenclature of ventricular septum and ventricular septal defects, with applications for, 741

U

Unilateral nephrectomy: in living-related kidney donors is safe and beneficial; editorial, 423
  risks of; status of kidney donors 10 to 20 years postoperatively, 367
Urinary protein: treatment of severe nephrotic syndrome with meclofenamate; uncontrolled pilot study, 586
Urinary sphincter, artificial; experience with AS 800 pump-control assembly for single-stage primary deactivation and activation—preliminary report, 255
Use of captopril as early therapy for renal scleroderma; prospective study, 763
Use of clonidine in mixed-drug detoxification regimen; possibility of masking of clinical signs of sedative withdrawal, 47
Use of ^{131}I-MIBG scintigraphy in evaluation of suspected pheochromocytoma, 299

V

Valve, thrombotic occlusion of prosthetic heart; diagnosis and management, 118
van Heerden JA, 51, 299
Vanhoutte PM, 33
Variability and trends in survival among patients with osteosarcoma; 7-year update, 91
Varices: influence of hepatic reserve and cause of esophageal, on survival and rebleeding before and after introduction of sclerotherapy; retrospective analysis, 149
  is sclerotherapy treatment of choice for bleeding esophageal? editorial, 207
Vascular grafts in dogs, quantification of deposition of neutrophilic granulocytes on, with ^{111}In-labeled granulocytes, 173
Vascularized bone transfer, skeletal reconstruction by; indications and results, 729
Vascular surgery: long-term mortality and stroke morbidity after superficial temporal artery-middle cerebral artery bypass operation, 241
Vasoconstrictors: spasm in ectatic coronary arteries, 822
Vegetative state during pregnancy, management of maternal, 469
Velosa JA, 367, 586
Vena cava, "broken ring" sign in magnetic resonance imaging of partial anomalous pulmonary venous connection to superior, 874
Ventricle, revival of transseptal approach for catheterization of left atrium and, 790
Ventricular outflow tract obstruction, left, related to valve prosthesis; case caused by low-profile mitral prosthesis, 184
Ventricular septum and ventricular septal defects, standardized nomenclature of, with applications for two-dimensional echocardiography, 741
Viggiano TR, 149
Vignettes, stamp; editorial, 556
Viral gastroenteritis, epidemic; detection of rotavirus by enzyme immunoassay, 204
Viral hepatitis; diagnostic test using anti-HB_c (IgM), 488
Virus: infection; fulminant hepatitis; Mayo Clinic experience with 34 cases, 289
  nasopharyngeal carcinoma due to Epstein-Barr; serologic tests, 205
Virus-induced demyelination in mice; "dying back" of oligodendrocytes, 433
Vitamin D, physiology and pathophysiology of, 851
Vlietstra RE, 449, 539, 790, 822
Vogel JP, 367
